My Valley Wi-Fi App Feature Breakdown:

Scrollable Quick Link Carousel: Your Experience Hub

Swipe through easy-to-use tools like speed tests and parental controls right on the main screen to find what you need fast—no hunting required.

MyPrioritiesIQ Modes: Managed Wi-Fi That Fits Your Day

Choose “Gaming Mode” for smooth play, “Work Mode” for reliable video calls, or “Entertainment Mode” for uninterrupted streaming.

Easy Self-Install & Onboarding

Set up your Wi-Fi in just a few steps, with clear instructions right in the app.

Real-Time Alerts & Performance Stats: Stay Ahead

Get notifications if your Wi-Fi slows down, plus stats to keep it running smoothly.

People Profiles & Device Recognition: Make It Personal

Create avatars for each family member and see every device on your network. Spot and block unknowns easily so you know who’s online and to keep your Wi-Fi safe and secure.

Content Controls & Security: Safe and Sound

Pause the internet for bedtime, filter out unsafe sites, and employ network level cybersecurity to block hackers to keep your crew safe online and your network protected.

Built For You:

Family-Friendly Control:

Manage your Wi-Fi without needing a tech degree—it’s as simple as checking your email.

Made for Everyone:

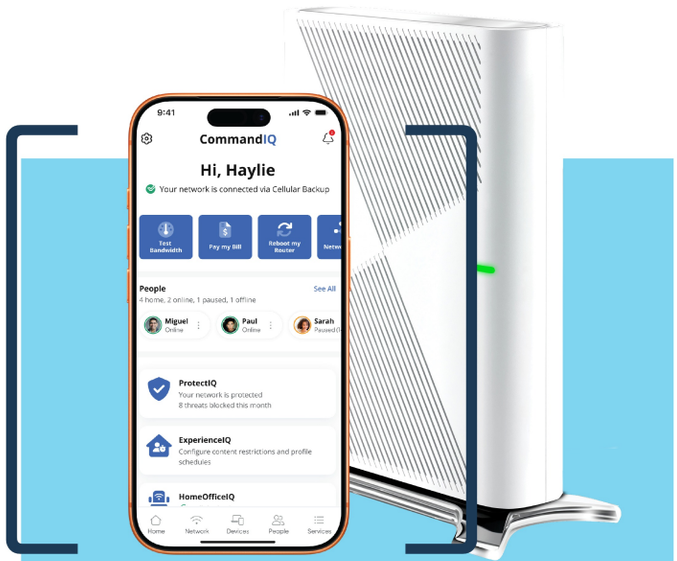

From kids to gamers to work-from-home parents, there’s something for every family member.

Stress-Free Setup and Management:

Get started in minutes, customize your network with simple controls, and enjoy Wi-Fi that works the way you need it to.
